

Chairman's News Letter No 2

Just to bring you all up to date on recent happenings as you may think not much has happened lately The committee are working on next year's calendar and we are seeking a new financial officer and all that goes with it. We are also looking at the Club's rules and conditions.

I have applied to the Planning Dept for information which we needed, followed by a meeting attended by three committee members in the Council offices, this also covered the trees on the greensward. This was followed by a letter from them regarding the greensward and what is permissible on this site.

After having all our trees around the Club inspected, I was surprised to learn there were two not in as good a condition as I thought. We have sought quotes for the pollarding of the limes, and have also asked for prices for topping our large limes. The Council require us to provide "good care and maintenance" but we need to apply back to them to carry out this work, life gets a little complicated. We have a fairly major problem with one tree which needs further investigation. All this will be discussed further at our next committee meeting.

I have arranged for the repair of our tables which hopefully will be early September.

I would like to thank the people who have been trimming the flowers/roses etc. and keeping the grass down. It does not go unnoticed and I'm very grateful. As from Tuesday morning 25th August I will be up at the Club doing my bit hedging etc and tidying up over the coming winter months. If I can ask, anyone who can help please! I can only promise fresh air, lots of banter, exercise, and the odd cup of tea, all very healthy.
